

# Coffee Fundraiser

Did you know coffee farmers earn the least profit of all participants in the coffee supply chain?

While the farmer works with the coffee lot for over 10 months for a year's production, a roaster typically works with the same lot for a few hours and a barista only for a few minutes. Additionally, consumers often do not know where their coffee originates.

Unleashed coffee grows, harvests, processes, roasts, packages and delivers coffees from the farm directly to you, who they strongly believe will appreciate the quality of their coffees.

**UNLEASHED**

FROM OUR FARM **COFFEE** TO YOUR CUP

## WHY order coffee from Unleashed Coffee as part of this fundraiser?

- 30% of every purchase goes right back to the school.
- Coffee is sold directly by the farmer, whose family has been farming coffee since 1875!
- Helpers at the farm are all treated and compensated fairly.
- Zero water waste farming (fact: 95% of the coffees in the world might use up to 1 gallon of water to process a 12oz bag of coffee).
- At the farm, a major focus is to preserve water springs, natural vegetation and wildlife.
- Coffee is 100% Arabica and naturally flavored - no additions.

# Coffee Fundraiser

### Acaia – 12 oz, whole bean

**Medium light** roast on this very delicate varietal allows a true gem to emerge for coffee connoisseurs and hipster, coffee nerds. The light cup will remind you of a chocolate covered peanut brittle and is an excellent choice not only for drip coffee makers but also for manual pour overs.

# of bags	Price	Total
_____	x \$13.00	_____

### Catucaí Red – 12 oz, whole bean

This coffee is **roasted medium** to highlight its sweetness and full body, yet keeping its fruity notes intact. Your drip coffee maker will prepare this coffee best, creating the ultimate experience. We recommend you try this coffee with your espresso maker as well.
